- This would include correspondence with all city employees, senior staff, mayor, council and any outside persons including other governmental agencies, contractors and citizens. (This request covers the time period May 28, 2014 – October 23, 2014).

- All digital files including scans if any may be provided on CD or DVD; paper correspondence if any may be provided via regular black and white photocopy.

In response the City identified 5,988 emails, 2,692 which are public and responsive and 2,265 which are public but not provided as they are operational. The remaining 1,031 emails are either not records or are records classified as protected or private due to privilege, draft status or due to personal information. The City identified texts which are

The minutes of each meeting are available on the City’s website under the City Recorder.
