Subject: GRIMES BUSINESS LICENSE APPLICATION

I'm very opposed to having this license granted. I live next door to the house for which the license would be granted. There is no curb side parking for vehicles in front of this house because it is a triangular shaped lot. The whole front is a driveway. There are six (6) vehicles parked in the garage and in front plus a large travel trailer. Also, someone who spends their weekend there parks her car in front of my house for the entire weekend. They constantly have visitors who park in front of my house, sometimes blocking my driveway, and my neighbors. They have even parked in front of my neighbors mail boxes causing the mail person to not deliver their mail. In addition, we have small children who live on the street and the additional traffic would endanger them. Please, do not grant this license. Thank you.

Sincerely,
