	<b>TOTAL MAXIMUM REBATE = \$250.00</b>

\* Limit to one controller and one weather station or moisture sensor rebate per residence or commercial building if applicable. See list of approve irrigation controllers.

**To obtain your rebate:**

1. Include original receipts as proof of purchase of equipment.
2. Submit receipts and this form (filled in and signed) to:  
 South Jordan City  
 Attention: Ana Paz  
 1600 W. Towne Center Drive  
 South Jordan, Utah 84095

**Please review the following program guidelines and other important information:**

- Please allow two to three weeks to process the request. A check will be mailed to the address listed above.

- **The voucher is non-transferable. Only the person whose name appears on the voucher can redeem and sign it.**
- **Devices received by homeowners for the program are for their own personal use in the location listed above and shall not be resold.**
- **The voucher is for South Jordan City's Water Conservation Program only. No other refunds or rebates will be issued.**
- **South Jordan City makes no representation or warranty that the homeowner will be satisfied with the performance of the controller, weather station or soil moisture sensor.**
- **South Jordan City assumes no liability for any loss, damage or expense in connection with the materials, workmanship or fitness of the controller, weather station or soil moisture sensor; or the installation or use of these items.**
- **Homeowner hereby releases and agrees to hold harmless South Jordan City and its employees from any and all claims, losses, harms, costs, liabilities, damages and expenses directly or indirectly resulting from or related to the controller, weather station or soil moisture sensor units.**
- **Any controller, weather station or soil moisture sensor for which a voucher is issued is subject to an on-site installation verification. If the controller, weather station or soil moisture sensor installation cannot be verified, the homeowner shall return the full rebate amount to South Jordan City. Units must be installed within 30 days of homeowner's receipt of the controller, weather station or soil moisture sensor.**
- **Homeowner agrees to allow South Jordan City to perform follow up sessions to check and verify the use of the smart controller, weather station or moisture sensor.**
- **South Jordan City does not warrant or assume any liability for the design, manufacture, installation or operation of any controller, weather station or soil moisture sensor. South Jordan City makes no warranty, express or implied, including, but not limited to the warranty of merchantability and the warranty of fitness for a particular purpose, about any controller, weather station or soil moisture sensor received, installed, or used by Applicant. For controller, weather station or soil moisture sensor warranty information, contact your vendor or the manufacturer.**

For purposes of determining the water-saving effectiveness of this program, *homeowner agrees to allow the City of South Jordan to examine municipal water use records of participating residences and businesses. The homeowner also allows City staff to examine purchased equipment that has been installed and allow monthly readings of the controller.*

I understand and give permission for my water use records to be examined and allow City staff to perform follow-up sessions to verify the use of the equipment:

South Jordan City's Water Conservation Program is a landscape product rebate program of South Jordan City funded by Jordan Valley Water Conservancy District. Effective rebate date will begin on July 8, 2009 until funds are exhausted. Rebates are offered independently of any sale prices or rebates that may be concurrently offered by manufacturers or vendors. The filing of this rebate form does not constitute an agreement between the filer and the City. Acceptance of this form does not constitute acceptance of filers claim for a rebate or guarantee that filer shall receive any funds as all rebate awards are made subject to funding limitations.
