**NO** Light Bulbs

**NO** Cardboard

The City of South Jordan is pleased to announce a new glass recycling service for all city residents and businesses. The City has partnered with Momentum Recycling, ACE Disposal and Live Daybreak, to provide a service that will help OUR community, and the environment. The ability to keep glass out of the landfill is a long term benefit and solution in trying to build a better tomorrow.

The City has provided three drop site locations for your convenience; glass color separation is not required.

- Main City Park – 10960 S. 1850 W. (west of tennis courts)
- Daybreak, Soda Row - 4600 W. 11240 S.
- Shields Lane Park – 947 W 9850 S

All glass recycle materials will be taken to Momentum Recycling for proper processing; glass is reused in different applications (e.g. insulation, new beverage bottles, sandblast, decorative aggregate filler, roofing granular. etc.).

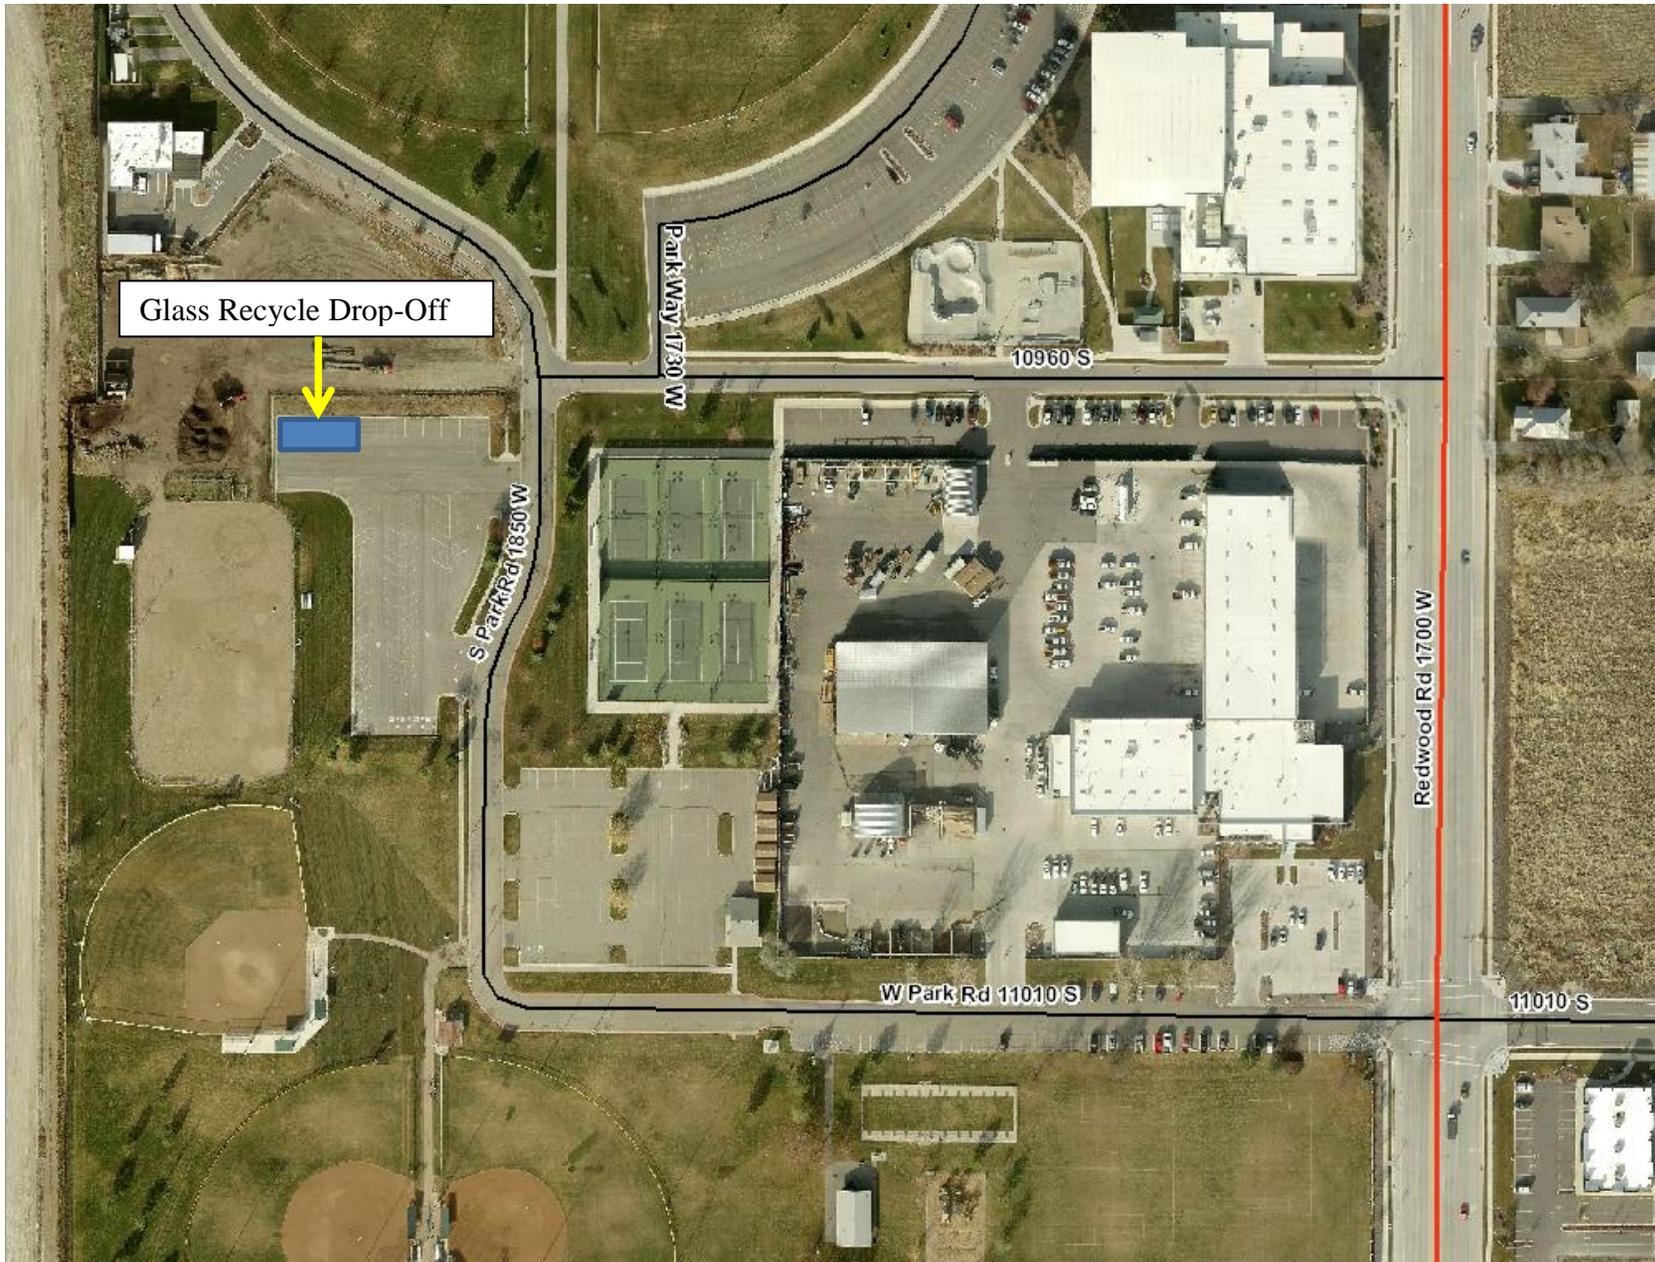

For product detail, please visit the website for Momentum Recycling.
