On May 16, 2015, the South Jordan Police Department responded on a report of a package theft on the 500 West block of Aspen Gate Lane (11145 South). A residential surveillance system shows a female running up to the porch at 6:38 p.m. empty-handed. A short time later, the female ran back towards the street with four packages. These packages had recently been delivered by a package delivery company.

The victim in this case is a licensed clinical psychologist and the items stolen are needed for the treatment and evaluation of children with Autism and have an estimated value of \$2,000.

Based upon the video surveillance, the suspect is a white female possibly in her 30's with dark hair, wearing a black and white striped tank top sun dress, sandals and sunglasses.

“Package theft is a crime that has been increasing over the past several years. We encourage residents to consider alternate shipping locations if you may not be home when packages are scheduled to be delivered,” said Samuel Winkler, Master Officer with the South Jordan Police Department.
