Doug Stout

Doug Stout is a self taught artist specializing in the caricature art form. He first started sketching people 12 years ago while traveling on business often drawing subjects on the plane or sitting in the airport. After a few awkward staring encounters and many hours of sketching practice he began to post his work online for critiquing. His style caught the eye of a couple of online live caricature agencies and thus began the turning of a hobby into a part time caricature art business. Doug has performed live caricature art for wedding receptions, trade shows, private parties, corporate events, Comic Con as well as being commissioned to create caricature art for a board game, Christmas cards, business banners, and various private requests. His mediums range from pencils, markers, watercolors, and acrylics to the digital realm. You might say he's a little obsessed with drawing faces. A simple trip to the grocery store can be a gold mine of reference material!! So, don't be surprised if you become Doug's next "artistic" subject.
