

EVIL SCIENTIST ACADEMY

FOR

AWESOME AFTER-SCHOOL SCIENCE CLASS FOR K-6TH GRADE

Fall Sessions

Tuesdays: Sept. 24 - Nov. 5

(No Class Oct. 22)

- **Class 1: 4:30-5:30PM**
- **Class 2: 5:30-6:30PM**

Fee: \$79 per Student

Experiments conducted include:

- Red Fire Tornadoes
- Lightning Storms with a Van de Graff Machine
- Miniature Village Destroying Baking Soda Volcanoes
- Soda Geyser Eruptions
- Dry Ice Fog Tornadoes

Disaster Zone Science!

In this class, the scientists will participate in hands-on simulations of natural disasters, such as tornadoes & tsunamis, all while exploring the science behind these catastrophic events.

Scientists will also receive daily take-home activities like tornado tubes and shaved ice.
