PH: 801.446-HELP @SouthJordanUT

NOTE: This form is for final grading for building permits issued prior to June 1, 2018. All permits issued after June 1st, must use the Engineer's Final Grading Observation Letter (must be completed and signed by your engineer)

BUILDERS CERTIFICATION *for* **LAND DISTURBANCE PERMIT WITH BUILDING PERMIT**

Subdivision/Lot _____
Address _____
Permit # _____

I certify that the lot grading for the Building Permit/Land Disturbance identified above has been established as shown on the approved site/grading plan for this permit and I also certify that a minimum negative slope of 5% within the first 10 feet away from the structure has been established.

I certify that any lot deficiencies found within one year of the Certificate of Occupancy for this Building Permit shall be corrected within 60 days of written notification by the City Engineer or City Building Official. In the event that I do not make acceptable corrections within 60 days of said written notice, I agree that the City can withhold at their discretion subsequent Building Permits or Certificate of Occupancies for any future Building Permits that are issued to this Builder.
