

Yard Area Requirements for Irregularly Shaped Lots

1. Draw a line connecting the 2 points adjacent to the cul-de-sac ("front lot line")

2. Bring a line that is parallel with the "front lot line" and 10 feet wide. This is considered the "rear lot line".

 = "side lot line"

Disclaimer: This information sheet is only a summary of applicable requirements. It is up to each resident to follow the yard area requirements primarily found in South Jordan City Municipal Code § 17.40.020. The City Code can be found by visiting <http://www.sjc.utah.gov/city-code/>.
