## Job Description

<b>Title:</b>	<b>UPDES Inspector</b>	<b>Effective Date:</b>	<b>2/12/20</b>
<b>Org:</b>	<b>220570</b>	<b>FLSA:</b>	<b>Non-Exempt</b>
<b>Pay Grade:</b>	<b>15</b>	<b>Workers Comp:</b>	<b>Municipal</b>

### GENERAL PURPOSE

Coordinate efforts to reduce stormwater pollution that will promote human health, safety and well-being. Perform a variety of working level tasks, inspections, code compliance, and technical duties as needed to assure infrastructure projects are constructed in compliance with established local, state and federal construction standards, particularly those related to air and water quality.

### SUPERVISOR

Storm Drain Manager

### POSITION(S) SUPERVISED

None

### ESSENTIAL JOB FUNCTIONS

Meet performance standards established with the employee's manager.

Job attendance is required, except for authorized leave.

Monitor and inspect all private and public infrastructure construction projects, from initial plan reviews to final bond release, for compliance to City codes, and state and federal air and water quality regulations.

Review and approve Storm Water Pollution Prevention Plans (SWPPPs) and observe, inspect, and report on their implementation. Attend meetings and represent the City as required.

Review and approve private stormwater facilities maintenance agreements.

Monitor and perform annual inspections and data collection for private stormwater systems, and private stormwater facilities maintenance agreements.

Coordinate job activities with City staff, other local governments, and the State Division of Water Quality. Document all reporting, inspection, and enforcement activities as required by supervisors and managers, City Code, and state and federal laws.

Respond to public inquiries and complaints concerning storm drainage and construction run-off control within City jurisdiction.

Initiate Code enforcement action as required. Investigate and enforce air and water quality related violations by issuing warnings, citations, or taking other corrective action; prepare various investigative reports; initiate legal proceedings where appropriate and coordinate with City legal staff.

Perform training to educate contractors, developers, the general public, businesses, and City staff on Separate Storm Sewer System (MS4) requirements.

Act as resource to development community on best practices and methods from compliance with regulations and minimization of discharge of sediment and pollution from construction sites.

Take lead responsibility for annual State Division of Water Quality and Environmental Protection Agency site inspections.

Take initiative to observe and report conditions throughout city (i.e. tilted stop sign, road debris, unauthorized use of fire hydrant).

Observe and actively participate in work zone safety procedures.

Operate, clean, and maintain tools, vehicles, and equipment to assure proper working order.

Compensated on-call rotations as assigned. Must remain available for phone contact and respond to work site within one (1) hour of notification and be in compliance with the City's Drug & Alcohol policies.

Subject to uncompensated stand-by by rotation for a given event, such as a pending snow storm event or response to a natural disaster. Must remain in compliance with the City's Drug & Alcohol policies.

Employee shall live no more than 30 miles from the South Jordan City border and have the ability to travel from their place of residence to the South Jordan City Public Works building in no more than 45 minutes time.

Perform other duties as assigned.
