Title: Utility Metering Technician
Org: 100120
Pay Grade: 11

Effective Date: 7/1/2021
FLSA: Non-Exempt
Workers Comp: Municipal

GENERAL PURPOSE

Under general supervision, perform a variety of skilled duties related to meter reading and meter reading hardware/software operation.

SUPERVISION RECEIVED

Utility Metering Lead

SUPERVISION EXERCISED

None

ESSENTIAL FUNCTIONS

Meet performance standards established with the employee's supervisor.

Job attendance is required, except for authorized leave.

Read meters throughout South Jordan City, either manually, by remote read, or fixed meter reading network

Manage all aspects of the fixed network meter reading system, including; maintain fixed network data collectors, ensure wireless communication operability, implement and analyze water loss detection programming within fixed network software.

Collaborate with department to leverage fixed network data for water conservation programs. Analyze daily reports for network optimization, implement new meter reading processes for efficiency improvements, and work with utility billing personnel to streamline billing functions.

Complete work orders for final reads, re-reads, and other analytic related problems. Test registers and transponders. This requires equipment to be removed, tested, and replaced if necessary.

Instruct water division staff on meter reading process and procedures.

Report code compliance issues when they are observed while traveling meter-reading routes throughout the City.

Conduct theft of service investigations using the fixed network system.

Perform visual and facilities maintenance as assigned.

Assist other department employees when assigned.

This position has been determined to be not eligible for remote work because all or a majority of the essential job duties must be performed onsite.

Perform other duties as assigned.
